

AN AVERAGE DAILY MORTALITY OF 298.
STATE BOARD OF HEALTH'S JULY BULLETIN.—
LARGE INCREASE OF DEATHS FROM
DIARRHOEAL DISEASES.

Albany, Aug. 28.—The July bulletin of the State Board of Health says that it is invariably the month of largest mortality in this State, 10.65 per cent of the deaths of the last eight years having occurred in July. There was an average daily mortality last month of 298, against 291 in June, which was the lowest rate for the year. In July, 1892, however, the average was 437. From syphilitic diseases, with the exception of diarrhoea, there were fewer deaths in July than in June. The deaths from diarrhoeal diseases increased from 478 in June to 3,200 in July, 26 per cent of the total mortality for the month. The latter figure, however, was less than for July last year, and less than the average, which is about 28 per cent. The infant mortality is correspondingly diminished, 50.5 per cent of the deaths having occurred under the age of five years, the average for July being 51.5. In the larger cities of New York, Brooklyn and Buffalo 40 per cent of the deaths were from diarrhoea; in the rural parts of the State only 7.3 per cent of the deaths were from this cause. Scarlet fever and measles continue to decrease in all parts of the State. Diphteritis is slightly more prevalent than usual for this season. There were sixteen deaths from smallpox. There was a large increase over June in deaths reported from diseases of the digestive and nervous systems, which is customary in July.

The following percentages represent an annual death rate per 1,000 inhabitants in certain cities of the State: Albany, New York City, 29.87; Brooklyn, 26.57; Long Island City, 48; Yonkers, 36.35; Mount Vernon, 36.28; Albany, 21.55; Poughkeepsie, 23.78; Newburgh, 29.89.

SEED WHEAT NEEDED IN WESTERN KANSAS.

Topeka, Kan., Aug. 28.—Secretary Mohler, of the State Board of Agriculture, has issued an appeal for seed wheat and money with which to buy it for farmers of Western Kansas. The appeal states that the wheat crop is a total failure in that portion of the State. The appeal adds that the popular opinion is that Western Kansas is not adapted to growing wheat, but three out of four reports from this section show as large a yield per acre as the eastern third of Kansas, and a larger yield per acre than Illinois and Indiana.

SERMONS AT THE OCEAN GROVE CAMP-MEETING.

Ocean Grove, N. J., Aug. 28 (special).—The seventh day of the great camp-meeting was succeeded from the point of attendance, and in the persons who asked for prayers. F. B. Hogland led the young people's meeting in the temple at 9 o'clock. The Rev. Dr. Thomas Hanlon, president of Pennington Seminary, preached the morning sermon in the Auditorium. He had preached the Monday morning sermon at the camp-meeting services for the last twelve years. He preached today from the words, "Lord, it is good for me to have." In his sermon the preacher took occasion to handle the daily newspaper, rather roughly for their spirit of secularism.

The Rev. Isaac Naylor, of Yorkshire, England, preached this afternoon, and in the evening the Rev. Dr. Albert Banks of Boston, held the platform.

THE LIBERTY BELL STARTS FOR CHICAGO.

The Columbian Liberty Bell, which was cast at Troy and arrived in this city on Saturday, took a stroll about the town yesterday to show the patriots who had contributed their copper and silverware how fine a bell had been made of their contributions. The bell was placed upon a large decorated truck drawn by six horses. The start was made from the pier of the Citizen Albany Line up tenth-st., to Fifth-ave., to Washington Square, to Broadway and to the Cortlandt-st. ferry, where it was shipped to Chicago by way of Philadelphia, Wilmington, Washington, Baltimore, Harrisburg, and Indianapolis.
